

Guidance for parents

Welcome to STRM Bouldering Club in partnership with Indirock!

The club is for children and young people aged 6–17 years.

All participants must have completed the required Indirock participation waiver before taking part.

To help keep everyone safe and ensure all children and young people enjoy their session, please note the following:

Chalk

- One chalk bag will be provided by the instructor for the group to share.
- The chalk ball must remain inside the chalk bag at all times.
- Personal chalk is not permitted during this session.

Soft Play Equipment

- The soft play equipment is designed for children aged 3–4 years only.
- It must not be removed from its storage area or used during the STRM Bouldering Club session.

Indirock Instructor

- The designated Indirock instructor will actively engage with participants, encourage participation, monitor safe climbing practices and address any climbing rule breaches as part of their instructor role.
- Where necessary, the designated Indirock instructor may ask a participant to leave the session if safe climbing practices are not being followed or where appropriate parental supervision is not being provided.

Children Aged 6–13 Years

- Children aged 6–13 years must be closely supervised by their parent or carer throughout the session.
- Parents and carers are responsible for closely supervising their child and supporting them to follow the Indirock centre rules.
- Parents and carers should ensure they are familiar with the Indirock participation waiver and centre rules.

Young People Aged 14–17 Years

- Young people aged 14+ years may climb without direct parental supervision only where written parental consent has been provided to hello@indirock.co.uk and accepted by Indirock.
- Parents or carers must remain on site and be available throughout the session if required.
- Indirock reserves the right to refuse or withdraw the privilege of independent climbing if safe climbing practices are not followed.

Thank you for helping us provide a safe, welcoming and enjoyable climbing experience for everyone. We hope you enjoy your session!

Thank you!
